

Paul Pendergast
President, Pendergast Consulting Group

Paul is President of Pendergast Consulting Group, a nationally recognized public affairs expert with over 25 years of practical experience in the field of strategic communications, economic development programs, media/community relations and market research.

Pendergast's projects have included some of California's largest transportation infrastructure projects. He has served as project manager of SBE/DVBE/DVBE Programs for six billion dollar projects including the Transbay Transit Center, Presidio Parkway Replacement Project, BART, the Central Subway Project in San Francisco and for Fluor/Skanska on their pursuit of CP1 on the High Speed Rail Project.

The Pendergast Team also ran the District 4 Calmentor Program for a total of six years when it was launched in the Bay Area.

Pendergast Consulting Group, founded in 1992, has 16 consultants and is located on Treasure Island in San Francisco, CA.
